

Incentivising entries to the qualifier series					
To add an additional incentive to gain points to qualify to play for Kent at the Regional Finals					
To spread the "winnings" we will introduce a qualifier credit system					
For the finishing position on the day these would be equal to £1 per credit					
Team Credits would be calculated at the end of the last qualifier					
EXAMPLE					
210 points per qualifier will divide as below			210 points per qualifier		
	Credits per team		<i>A team</i>	top	40
1st	40		<i>finishing</i>	6th	15
2nd	20		<i>in a</i>	2nd	20
3d	20		<i>number of</i>	12th	10
4th	20		<i>positions</i>	4th	20
5th	15				
6th	15		Total team credits		105
7th	15				
8th	15		Every team finishing in the		
9th	10		top fourteen positions		
10th	10		at each regional qualifier gain		
11th	10		credits to be taken off the		
12th	10		teams total accommodation		
13th	5		bill for the PE Regional Finals		
14th	5		should they qualify to play		
	210		for the County		
A team finishing in the top fourteen on one or more occasions but not "qualifying"					
would still be able to collect their "winnings" at the Chairman's Cup competition					
This does give an incentive to enter the qualifiers as there is always the opportunity					
to gain credits to be paid out at the end of the series. (at the chairman's cup)
