REGISTRATION 2009

A very Happy New Year to you all.

That time of year is upon us once again and in order to have a trouble and stress free registration it is essential that everyone sticks to the deadlines!

Please find enclosed your registration form which should be completed and returned to reach me as soon as possible but, in any event, **no later than 17 February 2009.**

As was agreed at the AGM I do not intend having booklets or scorecards as we are moving to a paperless system.

The website will be the source of all contact details and the fixture lists, indeed everything previously contained in the booklet.

It will continue to be updated regularly with the league tables and any other things of interest and I commend regular viewing of it!

Scores should be sent to me by email and it continues to be a strict requirement that the scores **MUST BE RECEIVED WITHIN 7 DAYS.**

The registration form does need the names of all your players however, please do not delay returning the registration form to me solely because of this requirement; if necessary return the form to me without the names.

You can then send me the names at any time up to 2 weeks before the season starts.

Likewise with any new player throughout the season; provided their name is sent to me immediately, they can play.

If I can help in any way, or, if you have any queries, please contact me as soon as possible.

In order to avoid problems this year and in accordance with the view of the AGM, I am asking every club to supply me with details of any "local rules" which, if agreed, will be published on the website. If it isn't on the website I cannot subsequently support it!

Please also note that the increasing number of people using sat nav to find their way around means that the provision of a post code is essential for your venue together with the phone number.

Thanks for your co-operation and good luck for the new season.

Yours sincerely,

Mick Nash
Secretary

PS if you are no longer the secretary please pass to your successor and advise me.
